Article 1 Scope of application
1. The present directive applies to any Unit or person holding an EPFL credit card. There are two types of credit card:
   a. Individual credit cards: these are made available to the Heads of Unit and to frequent travellers and are to be used exclusively for travel expenses and related expenses1 (see articles below and Annex 1).
   b. Corporate credit cards: these are made available to each Unit and are to be used:
      i. To cover the travel expenses and related expenses of non-holders of individual credit cards (see articles below and Annex 1);
      ii. For the purchase of goods and services which cannot be acquired otherwise (see articles below and Annex 1).
2. The present directive is complemented by separate user instructions and periodic updates by the Accounting department2.
3. The official EPFL purchasing channels must be respected3.

Article 2 Principles governing individual credit cards
1. Individual credit cards are made available to the Heads of Unit and to frequent travellers4.
2. The card holder must work under an employment contract with EPFL.
3. The procurement of an individual credit card for Heads of Unit is not subject to validation. This right is associated with the Accred role, ‘Head of Unit’.
4. Heads of Unit may allocate an individual credit card to any individual in their Unit who completes 5 or more instances of professional travel over the course of one calendar year (frequent traveller).
5. An individual credit card may not be used for private expenses.
6. This method of payment is intended exclusively for the payment of the holder’s travel expenses and related expenses worth less than CHF 5,000 per transaction and does not replace the EPFL recommended purchasing channels (see Annex 1).
7. This method of payment does not authorise cash withdrawals in Switzerland or abroad.

Article 3 Principles governing corporate credit cards

1 ‘Related expenses’ are understood as any expenses incurred during travel including meals and entertainment expenses.
2 See https://sf.epfl.ch/cartecreditachats.
3 See dabs.epfl.ch et library.epfl.ch
4 See Directive concerning professional travel and the reimbursement of expenses (LEX 5.6.1), Art. 6.
2. This method of payment is intended exclusively for purchases worth less than CHF 5,000 per transaction and may not replace the EPFL recommended purchasing channels (travel expenses for non-holders of individual credit cards and related expenses in accordance with Annex 1).

3. This payment method does not require a pin code.

Section 2 Roles and responsibilities

Article 4 Roles and responsibilities of individual credit card holders
