ORACLE

CREATE THE FUTURE WITH US

Reimagine the Future with Oracle Labs

We invite you to join us for an evening of exclusive insight into Oracle Labs

---

As the most advanced R&D arm of Oracle, we are tackling the biggest challenges in computer science—and making new discoveries that impact the evolution of technology and society.

Hear from two Oracle Labs researchers and learn about the cutting edge work that makes Oracle an industry thought leader.
Grasp the opportunity to discuss internship openings during the networking session, or even arrange a 1 to 1 meeting with us.

5:00pm to 6:15pm:
Oracle Labs presentation and tech talk on *GraalVM and Walnut: High-Performance Polyglot Virtual Machines for Databases, Cloud, and Embedded Environments*

6:15pm to 7:00pm:
Networking session over snacks and drinks

7:00pm to 8:15pm:
1 to 1 information sessions

Date:
March 3, 2020

Time:
5:00 pm

Location:
BC 410

Internship topics are available on the EPFL portal
- Choose your favorite topics and come discuss them with us
