Tires and tubes

Tires

CHF 25.- to 39.-

City tire

Tire with limited pattern, for urban riding and trekking.

Trekking tire

Very resistant and durable tire.

Road tire

Slick and thin tire for road bikes.

MTB tire

Shines especially on tarmac.

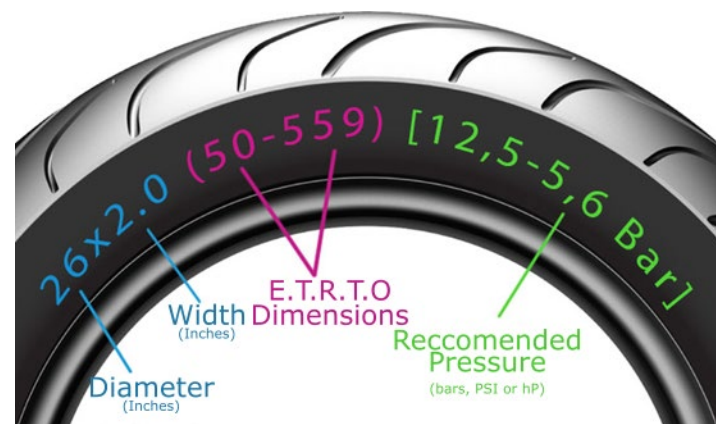

Tire sizes

Your tire's size is written on its flank.

On smooth surfaces, thinner tires will ride faster, whereas wider tires will provide more comfort in case of irregularities.

Slick tires will provide a smoother ride, but tire profile will increase adherence on wet road or offroad.

Tubes

CHF 6.- to 12.-

Presta tube

Tube for most bikes with a presta valve. Short 42mm valve.

Presta tube 700*20/28, long valve

Tube for road bike with profiled rim. 60 or 80mm valve.

Valve adaptator

Adaptator presta or dunlop to schrader valve.

Schrader tube

Tube for most bikes with a presta valve. Short 42mm valve.

Linear tubes

Emergency tube for hard to remove wheels.

Tubeless valve

Valves for tubeless tires.

Purchase guide

Tubes

CHF 6.- to 12.-

Presta tube

Tube for most bikes with a presta valve.
Short 42mm valve.
Multiple sizes available.

Presta tube, long valve

Tube for road bike with profiled rim.
