

# Management of special waste:

Answer the following questions in order to determine how to package and label your waste. **Only stable substances that are correctly sealed and labelled will be accepted.**

The label must specify the research group, the producer, the date of the 1<sup>st</sup> addition to the container, a description of the content, the OMoD code and hazard pictograms.

## Management of contaminated material: **All pointy/sharp objects must be placed in rigid yellow containers.**
