

Ancillary Activities Exercised Outside The Working Sphere

Declaration Form for Employees

*In accordance with Art. 56 of the Ordonnance sur le personnel du domaine des EPF (RS 172.220.113) of 15th March 2001, status as at 1st October 2020, employees have a duty to submit a declaration and a request for authorisation, depending on the specific characteristics of their ancillary activities. The Directive concerning the management of conflicts of interest within the context of activities or public duties engaged in outside the working sphere (Lex 4.1.1) regulates the details and conditions for EPFL. Please refer to Article 56 reproduced below to determine whether you must submit a declaration or request for authorisation. This form is intended **for declarations** (para. 1 and 2):*

1 Employees must inform their superior about all public offices undertaken and all paid activities exercised outside their employment relationship, particularly external teaching obligations, consultancy work, directorships and other services.

2 Unpaid activities must be reported if conflicts of interest cannot be excluded or if the activities could harm the reputation of the ETH Board, both ETHs or the Research Institutes.

3 Exercising the offices and activities specified in paragraphs 1 and 2 requires approval if:

- a) they place such demands on an employee that the latter's performance in their employment relationship with the ETH Board, the ETHs or the Research Institutes may be negatively affected, particularly if the total time required in order to carry out both the main job and the secondary activity exceeds the hours worked during full-time employment by more than 10 percent;*
- b) the type of activity risks conflicting with the duties of the employment relationship or with the interests of the ETH Board, the ETHs or the Research Institutes;*
- c) the employee intends to use the workplace infrastructure.*

4 If conflicts of interest cannot be excluded in individual cases, permission is either denied or is granted with special conditions and requirements attached. The following activities in particular may create conflicts of interest:

- a) Advising or representing third parties in matters that form part of the tasks of the employment relationship;*
- b) Activities connected with orders that are being executed for the ETH Board, both ETHs or the Research Institutes, or that are due to be placed by the latter in the near future.*

5 The notification or the application for permission must be submitted to the superior in good time before the commencement of the activity. Both documents state:

- a) the nature and duration of the secondary activity;*
- b) the amount of time it is expected to take;*
- c) the nature and extent of the use of infrastructure;*
- d) possible conflicts of interest.*

The required information must be scanned and sent by email to Human Resources, rh@epfl.ch, where it will be stored and treated confidentially. In the event of any changes occurring during the year, a new declaration must be submitted.
