

Main features of the IP Phone 6901

1

Handset with indicator light

Indicates an incoming call (flashing red) or new voice message (steady red).

2

Handset

Phone handset.

3

Hold button

Places the call on hold.

4

Redial button

Dials the last dialed number.

5

Line button

Allows you to pick up a second incoming call. The Line button LED indicates the call status, allows you to answer a ringing call and swap between two calls on the same line.

Color LEDs indicate the line state:

Yellow:  – Ringing call on this line.

Green:  – Active call or held call.

Red:  – Remote line in-use, on hold.

6

Volume button

Controls the **handset**, **headset**, and **speakerphone** volume (off hook) and the ringer **Volume** (on hook).
