

Main features of the IP Phone 8831

1

Phone screen

Shows information about your phone

2

Softkeys buttons

Allow you to access the softkey options (for the selected call or menu item) displayed on your phone screen.

3

Navigation and Select button

The **navigation button** allows you to scroll through menus, highlight items, and move within a text input field.

The **select button** (center of the Navigation Pad) allows you to select a highlighted item as well as wake up the phone from deep sleep mode.

4

Speakerphone button

Toggles the speakerphone on or off. When the speakerphone is on, the button is lit.

5

Keypad

Allows you to dial phone numbers, enter letters, and choose menu items (by entering the item number).

6

Mute button

Toggles the microphone on or off. When the microphone is muted, the button is lit.

7

Volume button

Controls the **handset**, **headset**, and **speakerphone** volume (off hook) and the ringer **Volume** (on hook).
