

Master in Sustainable Management & Technology (SMT)

2009

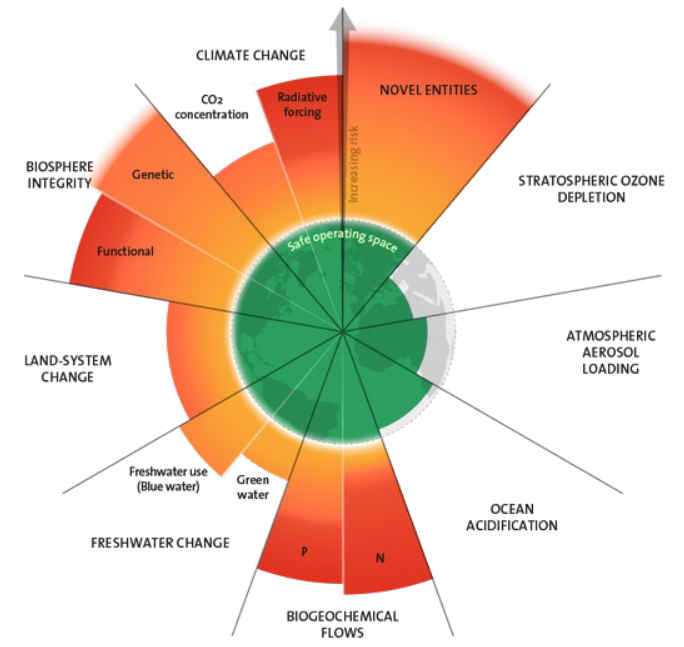

7 boundaries assessed,
3 crossed

2015

7 boundaries assessed,
4 crossed

2023

9 boundaries assessed,
6 crossed

How can we implement sustainable technology?

How should firms be run for long-term thinking?

How should public policy be designed for shared prosperity?

How can markets and business models become circular?

The SMT master's program trains students to be the leaders of a sustainable, inclusive, and resilient society

For students...

- ✓ Who are passionate about sustainability
- ✓ Who want to be at ease in tech, econ, and management
- ✓ Who want a top education from 3 world-leading institutions
- ✓ Who want to help their peers be successful
- ✓ Who want practical experiences
- ✓ Who want to do impactful work and become agile leaders

How do we do it?

The curriculum builds competences along three dimensions, capitalizing on **three world leading academic institutions**

The EPFL logo in red capital letters.

Prof. Michaël Aklin
EPFL
E4S Co-director

The Unil logo, featuring a blue script 'Unil' above the text 'UNIL | Université de Lausanne' and 'HEC Lausanne' in blue.

Prof. Olivier Gallay
HEC-UNIL

The IMD logo in blue capital letters.

Prof. Arnaud Chevallier
IMD

The E4S logo, with 'E4S' in blue and red, and 'Enterprise for Society' in small text below.

Caroline Perrot
Program Deputy

Prof. Jean-Philippe
Bonardi
E4S Co-Director

Class of 2023-2025

Concretely...

- 4 semester-program, in English
 - 3 semesters of courses and team projects (90 ECTS)
 - 1 semester: *projet de master*
 - Transformative projects
- **Technology**: data science, environment, climate, energy
- **Economics & management**: finance, accounting, strategy
- **Elective courses**
- ... **with sustainability as the guiding thread**

Transformative projects

[Aeler Technologies](#) | Business models for CO₂ savings

 Visiting Analyst, AENU
 Business Development Specialist, Quantis Italy
 Environmental Data Scientist Intern, Rolex
 Associate Policy Analyst, Climate and Environment, UNDP

Jeanne | EPLF (math)
Nature Finance at Pictet

Sybille | UNINE (econ)
Sustainability Data Scientist at
Quanthome

Eric | EPFL (microengineering)
Chief of Staff at Resilience
Institute

Filippo | USI (econ)
Strategist at Quantis

Key skills...

Sustainability metrics and issues

Sophisticated data analysis

Understand complex systems

Design strategies and policies

Communication and leadership

Requirements for admission

- ✓ For EPFL students: average ≥ 4.5
- ✓ Selection committee
 - ✓ Proven interest in topics related to sustainability
 - ✓ Exposure to quantitative methods
- ✓ Next deadline: March 31

Questions?

<https://e4s.center/our-activities/education/e4s-smt-master/>

TECHNOLOGY (26 ECTS)

Course	ECTS
Data science and Machine Learning	5
Energy supply, economics and transition	2
Information security & digital trust	4
Science of climate change	4
Statistics and data science	4
Sustainable logistics operations	3
Technology, sustainability and public policy	4

ECONOMICS & MANAGEMENT (23 ECTS)

Course	ECTS
Economics for challenging times	6
ESG accounting and reporting	3
Marketing and sustainability in a digital world	3
Platforms & digital business models	3
Strategy & disruption	3
Sustainable & entrepreneurial finance	5

TRANSFERABLE SKILLS & TEAM PROJECTS (18 ECTS)

Course	ECTS
