

Tsinghua University Global Research Program

Program Highlights

- **Research-Intensive:** Full engagement in hands-on laboratory research; no coursework for credit.
- **Faculty Mentorship:** One-on-one guidance from Tsinghua faculty with tailored research plans.
- **Interdisciplinary Focus:** Cutting-edge themes include Carbon Neutrality & Energy System Transformation, AI for Science and Intelligent Computing, Intelligent Manufacturing & Smart Systems, Life Sciences & Health Innovation, and Interdisciplinary Innovation & Global Collaboration.
- **Cross-Cultural Engagement:** Integrated with Tsinghua's summer school ecosystem, enabling authentic campus life and multicultural exposure.

The Tsinghua University Global Research Program provides a 6+ week immersive research experience for outstanding undergraduates and graduate students from top universities outside the Chinese Mainland, including those in Hong Kong, Macao, and Taiwan. Leveraging Tsinghua's high-quality laboratories and faculty expertise, the program adopts a "Lab Immersion + Faculty Mentorship + University-Wide Platform" model to deliver advanced research training and academic exchange, fostering global collaboration and building an interdisciplinary, cross-cultural community of young researchers.

Fee

- Tuition and application fees are waived. Participant is responsible for any other costs.

Tsinghua University
Global Research Program

ELIGIBILITY REQUIREMENTS

- ✔ Non-Mainland Chinese citizen or non-permanent resident of Mainland China.
- ✔ Currently enrolled as a full-time undergraduate or graduate student at an overseas university (must have completed at least one year of undergraduate study before starting the program).
- ✔ Minimum GPA of 3.0/4.0 or equivalent.
- ✔ Proficient in English (Chinese not required).
- ✔ Strong motivation and interest in research.

APPLICATION INFORMATION

1. Mentor

2. Apply

3. Offer

Step 1: Contact a Faculty Mentor

- Identify potential supervisors via the program website:
<https://www.tsinghua.edu.cn/gjhz/dqjyxx.htm>.

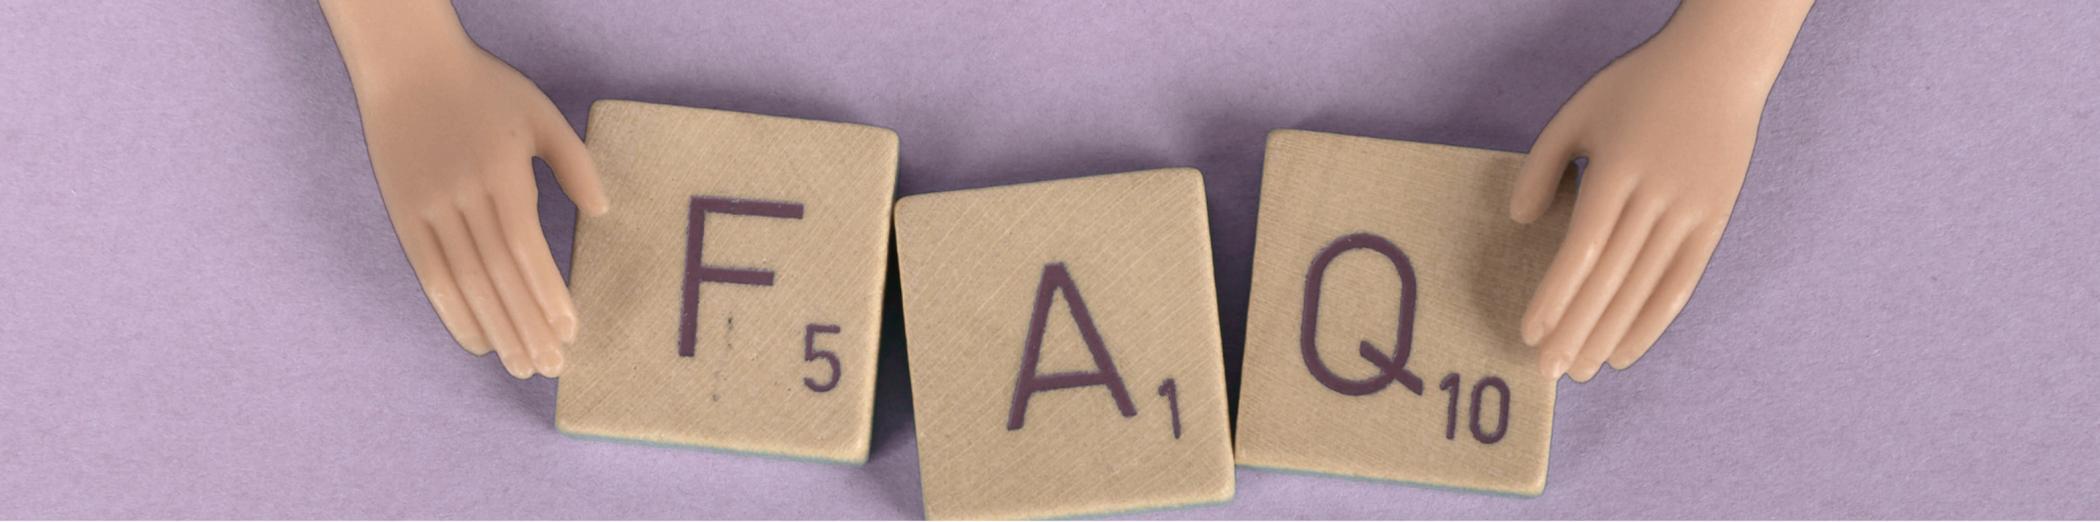

Step 2: Online Application

- Submit the following via the application system:
<http://www.gss.tsinghua.edu.cn/>

Step 3: Important Dates

- Application timeline: February 24- March 31, 2026
- Admission results announced: April, 2026

✓ Q: What is the duration of the research program?

The program requires a minimum commitment of 6 weeks. However, the specific schedule is flexible and can be arranged directly with your host laboratory to suit your availability.

✓ Q: What documents are required for the online application?

- Curriculum Vitae (in English)
- Research Proposal (500–1000 words, stating research interests and objectives)
- Latest official academic transcript
- Proof of English proficiency (e.g., TOEFL ≥ 78 , IELTS ≥ 6.0 , or Medium of Instruction Certificate)
- Copy of passport information page (Your passport must be valid for at least six months beyond the program end date and have at least two consecutive blank pages.)
- 1–2 recommendation letters provided in English
- Published papers, awards, or supplementary materials (if applicable)

✓ Q: How do I secure a faculty mentor?

Please identify a potential supervisor via the program website and email them your **CV and Research Proposal**. Once the mentor agrees to supervise you, the host department will automatically process your nomination to the Office of International Affairs.
