

EDCH Travel Grant

PhD students can apply up until the end of the month following their oral thesis exam. The event must take place no later than within this timeframe. It is not feasible to apply to multiple calls within the same year.

We support conferences, Workshops or Summerschools with an amount of 500CHF

Application procedure

Submission deadlines every year **Call 1 February 1st, Call 2 May 1st, Call 3 October 1st**

Submit your application here

<https://www.epfl.ch/education/phd/edch-chemistry-and-chemical-engineering/edch-apply-for-travel-grant/>

- Financial projection of expenses: conference registration, hotel, meals and transportation. (Can be a copy of the DD or DF) Copy of the DF if that has already happened in 2026
- Motivation letter (co-signed by PI is compulsory)
- Abstract (Talk or poster)
- Expenses must not be subject to double funding from internal grants

The EDCH committee will review the application and provide an answer within 3 weeks after the submission deadline to the PI and unit Administrator. Grants will be reimbursed to the unit by an internal invoice issued by the unit to EDCH (218972) for the maximum amount agreed or capped. The invoice must be made after the final DF has been counted and attached to the invoice (use code 901004 for invoicing).
