Brasilicardin A

Angew. Chem. Int. Ed. 2018, 57, 17161
by the groups of F. Yoshimura and K. Tanino

- Isolated from the cultured broth of *Nocardia brasiliensis*
- Potent immunosuppressive
- Highly strained *anti-syn-anti*-fused scaffold
- B ring in boat conformation
Solutions

Retrosynthesis:

[Chemical structures and reactions depicted]
