CHANGE
GLOVES WASH
YOUR
HANDS!!!**

ZONE 18, 19 and 8 (FIB) ENTRY procedure

Collect your sack with your suit at the cleanroom entrance where it is assigned to be ready for you (CMi-1, CMi+1, EBEAM).

**ANYTIME YOU CHANGE GLOVES
WASH YOUR HANDS!!!**

Zone 12 ENTRY

All types of cleanroom suits (CMi-1, CMi+1) are permitted to enter.

Add plastic covers onto the regular cleanroom shoes !!

Zone 12 EXIT

Remove plastic covers and trash them before you exit zone 12.

Dirty cleanroom suit replacement procedure

Place your dirty cleanroom suit into a green bin next to the elevator in the cleanroom entrance room.

Take a new clean suit with your correct size from the locker.

MICROSCOPES

KEEP GLASSES ON WHEN USING OPTICAL MICROSCOPES !

Alternatively, if you need to remove the glasses because they do not allow you to see properly, make sure you clean the microscope oculars with IPA both before and after use.

FACE SHIELDS

Follow these additional precautions when using protective face shields on wet benches inside of CMi:

Clean face shield with IPA before use !

Make sure no part of face shield touches your skin.

Clean face shield with IPA after use !
